

# SLP-600 V/1 S

## SPD - for low voltage / SPD type 2 / MOV

Surge arrester for TN and TT systems

pluggable module, visual fault signalling, remote fault signalling

- varistor surge arrester
- installation to LV installations, especially to sub-distribution boards
- for protection of the installations and equipments against impact of induced overvoltages during a lightning strike or switching overvoltages
- suitable for protection of inverters or wind power plant systems.
